

TOPAX 66

- **Description:** Topax 66 is a highly alkaline, chlorinated industrial cleaner designed to break down protein residues, fats, and greasy soils.
- **Best For:** It is important to note that while it works well on porcelain (toilets), it is also suitable for cleaning the exterior of tanks, filling machines, conveyors, walls, and floors in food, meat, poultry, and beverage industries.
- **Features:** Combines cleaning and disinfection, breaking down dirt while killing bacteria and fungi.
- **Metering tip:** light blue
- **Dosage:** 15 ml per litre
